

A few words from those that attended the 2 Passes Rally and on their experience doing some charity work for The Ladies Of Harley (LOH)

The HOG 2 Passes Rally was a very memorable experience for many reasons with one being the handing out of Easter eggs to a group of less privileged people living in the area close to the rally site. This was once again an example of the spirit of sharing with others shown so many times by owners of Harley Davidson's and their family which makes being a member of this very special group of caring and giving people such a great privilege. This gesture brought many a tear to the members and the contributions towards these people stretched well beyond the Easter eggs during the following week where arrangements were made for the donation of a wheelchair and groceries.

Our thanks to all the members who contributed towards this worthy cause and to the many more small joys we know we will continue to bring into the lives of those less privileged than ourselves.

We sometimes complain about not having the most fashionable shoes, until you see the man that has to hop on his knees , "Just to see the Harleys passing by."

The elderly couple that joke about cracking your camera lens, but stand there with pride, holding a box of easter eggs.

It makes you realise that the small things in life that can make a difference in somebody's life, a hug, a smile or justan easter egg.

Ons het weereens besef dat die voorreg om te kan gee, al is dit hoe klein of hoe min, is altyd groot of baie vir die wat minder bevoorreg is as ons. Om te sien hoe daardie families leef wat so min het, het ons weereens geruk om te besef hoeveel ons het om voor dankbaar te wees en om elke dag op ons kniee te gaan en dankie te se en te bid vir soveel families wat geraak word deur vandag se ekonomiese toestande. Dietrich Bonhoeffer se woorde: " It is only with gratitude that life becomes rich".

To give is one of the greatest delights of life!

We feel privileged to be a member of the Harley family. The one thing that has impressed us is the fact that we are such a caring group of people with sound values. It was wonderful to be part of a group of loving people, who were prepared to open their heart to these kids in need.
